

Cargo Hold Cleaning Services

Santos, June 02, 2026.

Location: Port of Santos

1. Cargo Hold cleaning PRICE (NO CURE, NO PAY):

#	Activity	Total price (USD)	Remarks
1	- Cargo Hold Cleaning	\$18.700,00	7 Cargo Holds

Included in the total price:

- **Cleaning team mobilization, transportation and food supplies.**
- **Cleaning equipment**
- **40 liters of Chemicals (biodegradable for grain standard)**
- **Support boat (2 trips)**

Remarks

- 1.1. The Vessel must provide a list of the last 3 cargoes stored in its holds.
- 1.2. If the ship's hold has transported Sulfur or Cement, the cleaning cost must be increased by 10%.
- 1.3. The presented price also includes the Port Authorities clearance and permissions.
- 1.4. Cargo Ships Cleaning considers the application of the below chemical products as per the cargo hold needs:
 - EQUI LIMP
 - EQUI LP 100
- 1.5. Prices are exclusive of any applicable invoice taxes.
- 1.6. The "NO CURE, NO PAY" clause only applies if the inspection is carried out in waters under Brazilian jurisdiction and accompanied by the CARGO SHIPS cleaning staff.

2. Cargo Ships Additional Services (ON DEMAND)

- 2.1. In case client requests Rust Scale Removal, Cargo Hold Painting or any other services, Car Ships Cleaning shall present a separate proposal for such services.

3. Price Conditions

- 3.1. It is required to have available a minimum of 30 tons of fresh water supply per cargo hold.
- 3.2. If, for any reason, there is no fresh water supply available for the cleaning, USD 1,000.00 will be charged for each machine that has operated with salt or brackish water. In the end of the operation, client shall provide 1 ton of fresh water to clean the machines.
- 3.3. It is required 72 hours for mobilization and clearance from the Port Authority.
- 3.4. Clause **NO CURE, NO PAY** duly applied if surveyors are appointed to perform holds cleanliness condition inspection (Brazilian ports only), and Cargo Ships shall follow the cargo hold

inspection accordingly.

- 3.5. For services to be provided in different Brazilian Ports than the specified above, all prices shall be revised accordingly.
- 3.6. The prices above consider that the Client Vessel will authorize the Cargo Ships team (15 people) to use Vessel Accommodations for resting and Meal. They can be accommodated in areas with no crew contact (gym, office, meeting room and others with ventilation). Areas as Bosun Store and Crane Area shall be avoided.
- 3.7. Regarding food and water supply, we provide it, including a portable stove so that we don't need to use the vessel's galley. The only thing we kindly request in this regard is to keep our frozen meat in the vessel's refrigerator. If that is not possible, then we will take a cooler box and would appreciate it if the vessel could provide ice daily.
- 3.8. In case such conditions cannot be followed, we shall consider additional costs for disembark and return each day until the conclusion of the work.
- 3.9. In case of cancellation by client, it shall be informed with minimum 96 hours before the start date scheduled. In the event of cancellation later than the 96 hours, the operational costs incurred will be charged accordingly.

4. Payment Conditions

- 4.1. 07 days after the conclusion of the services.

5. Other information

- 5.1. All the members of our cleaning team were vaccinated against COVID-19 with at least two shots.
- 5.2. The time required for cleaning/washing cargo holds is subject to cargo/residues remaining inside holds after discharging. In normal conditions, the cleaning team will require about 03 days to complete all the cleaning.

Best regards,

Rose Gomes
